A VIEW OF OUR EVERGREEN DISPLAY GARDEN

WE have on display here most of the better varieties of Evergreens, as well as the more common ones. It is one of the Beauty Spots of Shenandoah.

It will pay you to turn to the Evergreen section of this Bulletin--Pages 38-41 inc., and note our large assortment, particularly in the larger sizes.

LAKE'S Shenandoah Nurseries

1870-1930

This New Year finds us in our 60th year in the Nursery Business, still favoring our customers with the same good quality, grades and prices; set by a standard which was established by its founder, Mr. D. S. Lake in 1870.

We have learned a lot in these **Three Decades** about quality, grades and prices, and have been passing it on to our customers. They know it and appreciate it.

Could you not benefit by our 60 years experience as others have done during this time? You, too, will find here the grades quality and prices that keep our customers with us from year to year. Will you not favor us with your list of wants? We can doubtless save you money.

We have a good many items in surplus and on most of them can quote more attractive prices than those published in this Bulletin.
